

**WILDFIRE RISK ASSESSMENT PROJECT**

*This project is part of the implementation of Bastrop County's Wildfire Protection Plan, a plan designed to improve safety from wildland fire for county residents. To help improve your wildfire protection situation, FireCAP, Inc. would like to partner with you to conduct a series of pre-fire planning activities. Representatives of FireCAP, Inc. will coordinate with you, your district fire department, and the Texas Forest Service to develop a pre-fire plan for your property.*

*There are no fees for participating.*

**Pre-Fire Planning Packets** – These packets will be prepared by a FireCAP, Inc. representative in consultation with you, the homeowner. A copy will be distributed to the fire department responsible for responding to fire at your property's location.

- a. Written Wildfire Risk Assessment
- b. Written Wildfire Risk Mitigation Plan
- c. Schematic of property, identifying:
  - i. Location of on-site hazards
  - ii. Building and out-building locations
  - iii. Any water resources
  - iv. Access issues
- d. Maps identifying:
  - i. Location of off-site water resources and how they can be accessed
  - ii. Location of primary response fire department
- e. Schedule for reviewing and updating the Pre-Fire Plan information

**EXPECTATIONS OF PARTICIPANTS**

1. All properties participating in Pre-Fire Planning:
  - a. Implement Mitigation Plan as completely as possible
  - b. Maintain mitigation activities on a seasonal basis
  - c. Update changes in hazard and/or water access status with a new schematic and provide this new information to the appropriate fire department.

**AGREEMENT TO PARTICIPATE in the WILDFIRE RISK ASSESSMENT PROJECT**

I/We, \_\_\_\_\_ (please print),

agree to participate in the Pre-Fire Planning Project in partnership with FireCAP, Inc. and the Texas Forest Service.

I/We will implement the pre-fire planning strategies to the best of our ability, and will continue up-dating the plans and keep our district fire department informed of changes on our property which affect their ability to defend against a wildland fire.
